This Townhouse has been beautifully renovated, with all the basics and refurbishment done it only needs finishing, it is a perfect blank canvas for someone with insight into creating a beautiful home. It has enormous Valencian Doors, Fabulous large fireplace, a bodega for storing wine. Valencia Ceilings. The kitchen is modern and complete, not including any white goods. There is also a Well in the kitchen for use. Next door to the kitchen is a shower room. Up one short flight of stairs and there is a small room leading onto a walled terrace, this can be made bigger if required, with little effort. Up one more short flight of stairs and you come to a huge and beautifully constructed main bedroom with a large en-suite bathroom, a few steps upstairs again and a small single bedroom ideal for children. This house has a wow factor and is very cheap for the amount of work done. Well worth a view.
